

a+t 37 Strategy Space. Landscape Urbanism Strategies (Strategy series) (English and Spanish Edition) (Spanish and English Edition)

The study of project processes, started in the first issue of the a+t strategy series, now continues in this second issue entitled Strategy Space. 12 works of urban landscaping, all built, are analyzed regarding the strategies identified in each one. This series of a+t initiates a new way of approaching projects, in which the method is as visible as the result. Included are projects by Stosslu, Topotek 1, Sla, Studio Associato Secchi-Vigano and others.
