

Blind Faith

All books have purpose - some more-so than others! The rationale of this work is simple; we do not offer anything not already known; rather, a contentious, notably-biased perspective unconstrained by any SuperNatural rhetoricalism - all in the hope that such concerns might re-emphasize the uselessness & senselessness notably-inherent within modern Flat-World Pretentialism and - just perhaps - offer insight into what appears to be purposeful-misguidance raging throughout the world in the name of some blind-siding SuperNaturalism leading to what we now perceive is a growing & insidiously-entangled web of religious revivalism among otherwise educated peoples. From our perspective, having researched issues over 3 decades, the need to remove priestly-blinkers shrouding the minds eye of the general population today is imperative! For evidence of a world bordering insanity we need only examine on-going cultural clashes again falling victim to conditions more devastating than were those infamous Dark Ages imposed upon the West by the Church - a time when a prior advance of human-intelligence was entirely stopped! Europe (called Christendom) had consequently lapsed into a state of blase by a Vatican keeping subjects on a par with pasturized livestock! In this work, we also focus upon the U. S. and its role in promoting Judeao-Christianity - more particularly in Southern regions - where the role of science came under a semi-totalitarian-setting sponsored via the [concept] of some fabulous biblical Creationism distorting a more Universal-Potential of an ever-evolving human mind. From this setting, many politicians with Bible-Belt affiliations now appear to dominate the U. S. Congress & Senate by employing the kind of rude-confusion toward Reality relative to Causes that held back humankind over

prior 1500 years! Today, in a world no-longer deemed Flat - yet similar ritualistic Supernaturalism is still practiced in both the political & academic arena, sponoring a mind-numbing scheme called Creationism more & more creeping into agendic policy by dictating such curriculum to be taught to children thus indoctrinating Flat-World processes into the minds of inexperienced enquiring minds; all with an express goal of adults to poison the thinking of future generations - as it had of preceding times! For explicit examples one needs only look about the world into places where people are taught religious-extremism {Jews and Muslims especially} as this form of madness being the [only] way of life! As Abrahamic Religions this trio of Hebrew-based believisms is more & more belligerent thus fueling a growing status of culturalized hatred! People are so-blinded by such unnaturalism that they [cannot] see that in which there conditioned to believe is [hostile] to the kind of Natural Intellect - relative to each & every person - is being destroyed once subjects are drawn into what is best called Abrahamic Cultisms! We cannot overstate the very fact that People are not born religious; such conditioning, rather, is the result of childhood conditioning preached & practiced by conspiring adults whose minds had also been equally distorted when they - having no practical experiences of life - were simply too-young to question & oppose! In a word, such inductees are best called innocent-dupes of priestcraftiness and as such will - invariably - pass-on this priestly purpose-laden syndromatic mind-alteration to their offspring - and so on and so on More so today than when we first began to acquire data some 30 years ago, we now see - the world-over - a backward-thinking & reason-defying state of affairs causing nothing but escalating CHAOS! Every-which-way one turns evidence of this syndromatic mind-disease is spreading; it flows from street corners; from public parks etc. & in particular from a business-oriented media seemingly

brain-dead; (often purposefully so to suit its needs), No wonder there is such discord among people
