

Dermafax (Clinico Fax)

This handbook catalogues approximately 250 of the most commonly prescribed drugs for treating skin disease. It will follow the extremely successful NeoFax model, where the agents are listed alphabetically by genre (Acne, Anesthetics, Antibiotics, etc.) with page markers indicating each section. An abbreviations guide and appendices featuring related quick-reference information will be included. The goal is to produce the most reliable, current, handy, and affordable pocket guide to derm drugs available.
