

The Power of Ten 2011-2013: Nurse Leaders Address the Professions Ten Most Pressing Issues

The Honor Society of Nursing, Sigma Theta Tau International's book and magazine editors asked 30 international nurse leaders to identify 10 of the most critical issues in the profession. The result is *The Power of 10*, a collection of essays that explores the obstacles that nurses face. It challenges long held beliefs that could stymie progress and beseeches the reader to join the conversation. These essays are a must read for nurse leaders and anyone who is invested in the future of nursing.
