

Epidemiology of Aging: An Ecological Approach is the first title to provide a comprehensive overview of the leading topics in the epidemiology of aging, such as physical functioning, depression, and survival with the ecological model. Using this ecological model, the author highlights the causes and consequences of the aging population and illustrates that all the topics are interrelated.

How to Fight FATflammation!: A Revolutionary 3-Week Program to Shrink the Bodys Fat Cells for Quick and Lasting Weight Loss, Toxicology, biodegradation and efficacy of livestock pesticides: Proceedings of an Advanced Study Institute on Toxicity of Pesticides Used on ... of Agriculture, Lethbridge, Alberta, Quick Reference to Occupational Therapy, Predicting Ecosystem Risk (Advances in Modern Environmental Toxicology), Pediatric Dosage Handbook: Incl Neonatal Dosing Drug Admin & Extemporaneous PREP 1999-2000 (Pediatric Dosage Handbook, 1999-2000), Medical Surgical Nursing Concepts and Practice byPHN, Terrorism With World-wide Threat Implications And Disaster Potentials: Index And Medical Analysis Of New Research Information,
