

The Fourth Edition of this comprehensive text provides an introduction to the broad range of the discipline of nursing, including theory, the nursing process, and step-by-step procedures. The Fourth Edition maintains its emphasis on both wellness/health and human function as frameworks for nursing practice. An emphasis is also placed on critical thinking by regularly incorporating features that apply to client situations, research, clinical scenarios and ethical-legal issues. A Brandon-Hill Recommended Title. For more information, visit <http://connection.LWW.com/go/craven>.
