

So You Want to Be a Garden Designer: How to Get Started, Grow, and Thrive in the Landscape Design Business

Every day talented and passionate gardeners think to themselves, There must be a way to turn this into a career. So You Want to Be a Garden Designer helps them turn that dream into reality by providing the practical, step-by-step information every budding designer needs to develop and nurture a thriving garden design business. A successful, self-made garden designer herself, Love Albrecht Howard conveys not only the basic skills required for the profession, but also the crucial details that can mean the difference between success and failure. Among the many questions she explores with warmth, humor, and a big dose of reality are: What do I need to learn? How do I tackle fences, stairs, decks, and other construction projects? How can I avoid using chemicals? Whats the best way to deal with challenging personalities? With extensive photographs, practical drawings, and clearheaded advice, So You Want to Be a Garden Designer is the comprehensive manual that all garden designers will wish theyd had from the start.
