

As part of the 2012/2013 touring exhibition Germany in India, 16 pavilion buildings were presented at five Indian megacities. The facades of the pavilions featured the crystalline forms of cut gems, through the use of fabric materials. This book documents the occasion, also presenting experiments with “environmental membranes.”

Hybride Zonen / Hybrid Zones: Kunst und Architektur in Basel und Zurich / Art and Architecture in Basel and Zurich (German and English Edition), The Health Project Book: A Handbook for New Researchers in the Field, Methods of Pathological Histology; By C. Von Kahl den Translated and Edited by H. Morley Fletcher, Growing Marijuana Indoors: Ultimate Concise Guide on How to Grow Monstrous Cannabis Plants Indoors, Evidence-Based Approaches for the Treatment of Maltreated Children: Considering core components and treatment effectiveness (Child Maltreatment), Anatomy and Physiology: Complete Version, Laboratory Manual, Continuous Quality Improvement in Health Care: Theory, Implementation, and Applications, A Practical Guide to Mechanical Ventilation, Lifespan Development in a Mixed Economy of Care (Healthcare Active Learning), Management of Common Musculoskeletal Disorders: Physical Therapy Principles and Methods,
