

## Barry Dixon Interiors

Preeminent designer Barry Dixon approaches each project with the design philosophy that the greatest quality a home might possess is that of innate, soulful hospitality. His work features a masterful blend of traditional and contemporary decor that mixes color and texture in astounding ways. Barry Dixon Interiors exemplifies Dixons belief that our homes reflect our past, emanate our present and suggest our future. From a Manhattan loft choreographed for entertaining to Arts and Crafts in a woodland glade, to embassy elegance in Washington, D.C., Barry Dixon has seen and designed it all. As one of Americas top up-and-coming designers, Dixons work is a masterful blend of traditional and contemporary that mixes color and texture in creative ways that have clients across the country clamoring for his designs. Barry Dixon Interiors (subtitle?), written by well-known author Brian Coleman (Scalamandre; Farrow & Ball), with luminous photography by Edward Addeo and a foreword by Sherrie Donghia, is the highly-anticipated first book to highlight Dixons innovative designs. His work has been featured in scores of publications, including House Beautiful, Better Homes & Gardens, Traditional Home, and more, and Dixons own furniture and soft furnishings line is carried in showrooms nationally. Brian D. Coleman, MD, divides his time between Seattle and New York. His articles have appeared in magazines ranging from Old House Journal, where he is the West Coast editor, to Period Living in the U.K. Brian is the author of seven books on the decorative arts, including the recent hits Farrow & Ball and Cottages. Edward Addeo is a New York-based photographer whose work has appeared in

Vogue, House Beautiful, and the New York Times magazine among other publications. He has also photographed several books, including Cherished Objects and The Art of The Party. He lives with his family in New York. (20081101)
