

Physical Therapy Aide: A Worktext. PART 2

This is the 1998 2nd edition: PART 2 book. This work-text provides a basic understanding of the theory and clinical skills necessary to function as an entry-level physical therapy aide in different rehabilitation settings. The therapeutic modality procedures that an aide would perform are presented in a step-by-step format with detailed photos. A variety of review questions test comprehension of the material. Learning activities are provided at the end of each chapter for practical application. Includes Appendix A: The Human Skeleton and Appendix B: Major Muscles of the Body and learning activities and review answers.
