

## Stand for Something: The Battle for Americas Soul

A former nine-time congressman from Ohio and one of the most respected commentators on politics and society, John Kasich believes that traditional American values are in serious danger of being lost. Kasich asserts that this erosion of moral values can be attributed to, among other things, disappointing leadership from elected officials, the growing lack of ethics in business and sports, religious intolerance, and mass media and popular culture. By addressing such fundamental issues as honesty, personal responsibility, integrity, and the importance of leaving the world a better place, Kasich offers both a heartfelt and straightforward solution for all Americans to finally reset our moral compass and learn to STAND FOR SOMETHING.
