

Toward a 21st Century Health System: The Contributions and Promise of Prepaid Group Practice (Jossey-Bass Public Health)

Toward a 21st Century Health System is a collection of thoughtful analyses that explore a key element of the health care delivery system—physician group practices. Edited by policy experts Alain Enthoven and Laura Tollen, and written by a blue ribbon panel of health policy scholars and leaders including Stephen Shortell, Hal Luft, Donald Berwick, James Robinson, and Helen Darling, this resource addresses a variety of topics, including Organized delivery systems Quality of care in prepaid group practice versus other types of managed care The role of physician leadership and culture in group practice Prepaid group practice and the formation of national health policy This comprehensive resource also covers such topics as pharmacy benefit management, technology assessment, health services research, and employer purchasing of benefits all as they relate to prepaid group practice.
